## PennyMac Financial Services, Inc. Reports Third Quarter 2018 Results and Completes Corporate Reorganization

Westlake Village, CA, November 1, 2018 – PennyMac Financial Services, Inc. (NYSE: PFSI) today reported net income of \$56.2 million for the third quarter of 2018, on revenue of \$250.9 million. Net income attributable to PFSI common stockholders was \$14.5 million, or \$0.57 per diluted share. Book value per share increased to \$21.47 from \$21.19 at June 30, 2018. Also today, the Company completed a corporate reorganization that simplified its corporate structure and converted all equity ownership to a single class of publicly-traded common stock. Pro forma, giving effect to the reorganization, book value per share would have been \$20.67<sup>1</sup>.

#### Third Quarter 2018 Highlights

- Pretax income was \$61.7 million, down from \$74.7 million in the prior quarter
  - Third quarter results reflect improved Production segment earnings and strong contributions from all three operating segments
- Production segment pretax income was \$25.7 million, up 35 percent from the prior quarter and down 63 percent from the third quarter of 2017
  - Total loan acquisitions and originations were \$17.9 billion in unpaid principal balance (UPB), up 12 percent from the prior quarter and down 6 percent from the third quarter of 2017

- Investment Management segment pretax income was \$2.5 million, up from \$1.1 million in the prior quarter and \$0.7 million in the third quarter of 2017
  - Net assets under management were \$1.6 billion, up 1 percent from June 30, 2018, and down 5 percent from September 30, 2017

#### Notable activity after quarter end

- Completed the corporate reorganization with the conversion of all equity ownership into a single class of publicly-traded common stock effective November 1, 2018. The transaction simplifies our corporate structure and financial reporting
- Completed the acquisition of additional bulk Ginnie Mae MSR portfolios totaling \$3.2 billion in UPB. An additional \$1.2 billion in UPB of bulk MSR acquisitions are pending settlement<sup>3</sup>

<sup>&</sup>lt;sup>2</sup> Excludes changes in the fair value of MSRs and the ESS liability, and gains (losses) on hedging which were \$60.9 million, \$(1.1) million, and \$(53.0) million, respectively, and a provision for credit losses on active loans of \$(3.1) million in the third quarter of 2018.

<sup>&</sup>lt;sup>3</sup> These transactions are subject to continuing due diligence and customary closing conditions. There can be no assurance regarding the size of the transactions or that the transactions will be completed at all.

"Our results this quarter reflect volume growth from last quarter in each of our production channels and continued growth of our servicing portfolio," said President and CEO David Spector. "Initiatives and investments targeted toward growing our consumer and broker direct channel volumes are showing encouraging results. While the transition to a higher rate environment has resulted in a smaller origination market and intensified competition, PennyMac, with its unique operational capabilities, stands to benefit from market consolidation and the shift to a purchase-money focused market. Finally, we are pleased to have completed our corporate reorganization which we believe offers many benefits including the simplification of our corporate structure, financial reporting, and improved comparability to other publicly traded companies."

#### **Production Segment**

Production includes the correspondent acquisition of newly originated government-insured mortgage loans for PennyMac Financial's own account, the underwriting and acquisition of loans from correspondent sellers on a non-delegated basis, fulfillment services on behalf of PMT and direct lending through the consumer direct and broker direct channels.

PennyMac Financial's loan production activity for the quarter totaled \$17.9 billion in UPB, of which \$10.4 billion in UPB was for its own account, and \$7.5 billion in UPB was fee-based fulfillment activity for PMT. Correspondent government and direct lending IRLCs totaled \$11.1 billion in UPB.

Production segment pretax income was \$25.7 million, an increase of 35 percent from the prior quarter and a decrease of 63 percent from the third quarter of 2017. Production revenue totaled \$104.1 million, an increase of 16 percent from the prior quarter and a decrease of 27 percent from the third quarter of 2017.

The components of net gains on mortgage loans held for sale are detailed in the following table:

<sup>(1)</sup> Net of cash hedge expense

PennyMac Financial performs fulfillment services for conventional conforming loans acquired by PMT in its correspondent production business. These services include, but are not limited to: marketing; relationship management; the approval of correspondent sellers and the ongoing monitoring of their performance; reviewing loan data, documentation and appraisals to assess loan quality and risk; pricing; hedging and activities related to the subsequent sale and securitization of loans in the secondary mortgage markets for PMT.

Fees earned from the fulfillment of correspondent loans on behalf of PMT totaled \$26.3 million in the third quarter, up 80 percent from the prior quarter and 12 percent from the third quarter of 2017. The quarter-over-quarter increase in fulfillment fee revenue was driven by a 39 percent increase in acquisition volumes by PMT and a higher weighted average fulfillment fee rate, which was 35 basis points in the third quarter, up from 27 basis points in the second quarter, reflecting lower discretionary reductions to facilitate successful loan acquisitions by PMT.

Production segment expenses were \$78.4 million, an 11 percent increase from the prior quarter and a 7 percent increase from the third quarter of 2017. The quarter-over-quarter increase was primarily driven by increased production activity. Net interest income this quarter includes \$12.8 million in incentives which the Company is currently entitled to receive under one of its master repurchase agreements to finance mortgage loans that satisfy certain consumer relief characteristics, compared with \$12.5 million in the second quarter. The master repurchase agreement is subject to a rolling six-month term through August 2019, unless terminated earlier at the option of the lender.

#### **Servicing Segment**

Servicing includes income from owned MSRs, subservicing and special servicing activities. Servicing segment pretax income was \$33.6 million compared with \$54.6 million in the prior quarter and \$24.5 million in the third quarter of 2017. Servicing segment revenues totaled \$138.9 million, down 6 percent from the prior quarter and up 34 percent from the third quarter of 2017. The quarter-over-quarter decrease primarily reflects a reduction in valuation-related gains and decreased revenue from the reperformance of government-insured guaranteed loans bought out of Ginnie Mae pools.

Net loan servicing fees totaled \$109.7 million and included \$174.3 million in servicing fees reduced by \$71.4 million in realization of MSR cash flows. Valuation-related gains totaled \$6.8 million, which includes MSR fair value gains of \$60.9 million, associated hedging losses of \$53.0 million and changes in fair value of the excess servicing spread (ESS) liability resulting in a \$1.1 million loss. The MSR fair value gains primarily resulted from expectations for lower prepayment activity in the future due to higher mortgage rates. Before January 1, 2018, PennyMac Financial carried the majority of its MSRs at the lower of amortized cost or fair value. Beginning January 1, 2018 and prospectively, the Company accounts for all MSRs at fair value.

The following table presents a breakdown of net loan servicing fees:

<sup>(1)</sup> Includes contractually-specified servicing fees

Servicing segment revenue also included \$22.0 million in net gains on mortgage loans held for sale from the securitization of reperforming government-insured and guaranteed loans, compared to \$27.0 million in the prior quarter and \$28.2 million in the third quarter of 2017. These loans were previously purchased out of Ginnie Mae securitizations as early buyout (EBO) loans and brought back to performing status through PennyMac Financial's successful servicing efforts, primarily with the use of loan modifications. Net interest income totaled \$6.4 million, down from \$6.7 million in the prior quarter and up from net interest expense of \$3.3 million in the third quarter of 2017. Interest income increased by \$5.7 million from the prior quarter, primarily driven by increased income from custodial deposits. Interest expense increased by \$5.9 million from the second quarter driven by the redemption of the \$500 million Series 2017-GT2 term

notes, completed upon issuance of the \$650 million Series 2018-GT2 term notes in August. The refinancing resulted in the recognition of \$4.6 million of debt issuance costs during the third quarter but is expected to reduce annual interest expense by approximately \$7 million.

Servicing segment expenses totaled \$105.3 million, a 13 percent increase from the prior quarter and a 33 percent increase from the third quarter of 2017, driven by servicing portfolio growth and transfers of recent bulk servicing acquisitions, in addition to EBO-related expenses resulting from a higher volume of buyouts from Ginnie Mae securitizations.

The total servicing portfolio reached \$284.5 billion in UPB at September 30, 2018, an increase of 8 percent from the prior quarter end and 19 percent from September 30, 2017. Servicing portfolio growth during the quarter was driven by the Company's loan production activities and \$11.6 billion in UPB of MSR acquisitions. Of the total servicing portfolio, prime servicing was \$283.7 billion in UPB and special servicing was \$0.8 billion in UPB. PennyMac Financial subservices and conducts special servicing for \$87.2 billion in UPB, an increase of 7 percent from June 30, 2018 and 23 percent from September 30, 2017. PennyMac Financial's owned MSR portfolio grew to \$193.7 billion in UPB, an increase of 9 percent from the prior quarter's end.

#### **Investment Management Segment**

PennyMac Financial manages PMT for which it earns base management fees and may earn incentive compensation. Net assets under management were \$1.6 billion as of September 30, 2018, up 1 percent from June 30, 2018, and down 5 percent from September 30, 2017.

Pretax income for the Investment Management segment was \$2.5 million, compared to \$1.1 million in the prior quarter and \$0.7 million in the third quarter of 2017. Management fees, which include base management fees from PMT, increased 14 percent from the prior quarter and 4 percent from the third quarter of 2017. Management fees also included incentive fees of \$0.7 million based on PMT's performance.

The following table presents a breakdown of management fees and carried interest:

Investment Funds				765		29,955		
	\$	1,558,563	\$	1,544,926	\$	1,640,520		

Investment Management segment expenses totaled \$5.5 million, down 5 percent from the prior quarter and up 27 percent from the third quarter of 2017. The increase from the prior year was primarily due to a change in accounting for expenses reimbursed by PMT under the Company's management agreement with PMT. Beginning January 1, 2018, PennyMac Financial is required to include such expense reimbursements in its net revenue and the expenses reimbursed in its expenses. Previously, PennyMac Financial reduced its expenses by the amount of such reimbursements.

#### **Consolidated Expenses**

Total expenses for the third quarter were \$189.2 million, a 12 percent increase from the prior quarter and a 21 percent increase from the third quarter of 2017. The quarter-over-quarter change was driven by higher expenses in the Production and Servicing segments due to higher volumes of activity and higher interest expense due to the redemption of term notes in August.

Executive Chairman Stanford L. Kurland concluded, "As the mortgage market continues to adjust to higher rates, PennyMac Financial stands out from the competition by continuing to deliver strong production results and servicing portfolio growth. The earnings contribution from our growth initiatives focused on product and channel development will become increasingly meaningful over time. Underlying our success has been the strength of our management team and the development of new technologies across our business to drive greater operational capacity and efficiency. We expect to see consolidation in the mortgage market, and successful firms will be the ones that have the size, scale and technological capabilities to compete. We continue to make investments in technologies to further solidify our position as a leading, cost-efficient producer of residential mortgages, and are confident that we are well-positioned to benefit from the changes taking place in the mortgage market."

Management's slide presentation will be available in the Investor Relations section of the Company's website at www.ir.pennymacfinancial.com beginning at 1:30 p.m. (Pacific Daylight Time) on Thursday, November 1, 2018.
