Opportunity for PFSI and PMT in MSR Acquisitions

Why Are MSR Sales Occurring?

- Large servicers may sell MSRs due to continuing operational pressures, higher regulatory capital requirements for banks (treatment under Basel III) and a re-focus on core customers/businesses
- Independent mortgage banks sell MSRs from time to time due to a need for capital

How Do MSRs Come to Market?

- Intermittent large bulk portfolio sales (\$10+ billion in UPB)
 - Require considerable coordination with selling institutions and Agencies
- Mini-bulk sales (typically \$500 million to \$5 billion in UPB)
 - Increased activity as originators sell MSRs retained in 2012 and 2013
- Flow/co-issue MSR transactions (monthly commitments, typically \$20-100 million in UPB)
 - Alternative delivery method typically from larger independent originators

Which MSR Transactions Are Attractive?

- GSE and Ginnie Mae servicing in which PFSI has distinctive expertise
- MSRs sold and operational servicing transferred to PFSI (not subserviced by a third party)
- Measurable rep and warranty liability for PFSI

PFSI is uniquely positioned to be a successful acquirer of MSRs

- Proven track record of complex MSR and distressed loan transfers
- Operational platform that addresses the demands of the Agencies, regulators, and financing partners
- Physical capacity in place to service over \$200 billion in UPB
- Co-investment opportunity for PMT in the excess servicing spread

PFSI's Mortgage Servicing Rights Investments in Partnership with PMT

- PMT co-invests in Agency MSR assets acquired from third-party sellers by PFSI
- PMT acquires the right to receive the excess servicing spread cash flows over the life of the underlying loans
- PFSI owns the MSR assets, and services the loans

Acquired by PFSI from Third-Party Seller⁽¹⁾

Acquired by PMT from PFSI⁽¹⁾

Example transaction: actual transaction details may vary materially

Excess Servicing Spread⁽²⁾

- Interest income from a portion of the contractual servicing fee
 - Realized yield dependent on prepayment speeds and recapture

Base MSR

- Income from a portion of the contractual servicing fee
- Also entitled to ancillary income
- Bears expenses of performing loan servicing activities
- Required to advance certain payments largely for delinquent loans

⁽¹⁾ The contractual servicer and MSR owner is PennyMac Loan Services, LLC, an indirect subsidiary of PennyMac Financial Services, Inc.

⁽²⁾ Subject and subordinate to Agency rights (under the related servicer or issuer guide) and, as applicable, to PFSI's pledge of MSRs under a note payable; does not change the contractual servicing fee paid by the Agency to the servicer.
