PennyMac Financial Services, Inc. Announces Pricing of Term Notes Secured by Ginnie Mae MSR_s and ESS

Westlake Village, CA, February 15, 2017 – PennyMac Financial Services, Inc. (NYSE: PFSI) (the “Company”) today announced the pricing of a private offering of secured term notes in an aggregate principal amount of \$400 million to be issued by the Company’s indirect controlled subsidiary, PNMAC GMSR ISSUER TRUST (the “Trust”). The secured term notes will be offered only to qualified institutional buyers, as defined in the Securities Act of 1933, as amended (the “Securities Act”), pursuant to Rule 144A under the Securities Act. The offering is expected to close on February 16, 2017, subject to customary closing conditions.

“This pioneering transaction represents an important event in the evolution of PennyMac Financial’s capital structure and marks a watershed development for the mortgage banking industry. Mortgage servicing rights are our single largest long-term asset and available financing has historically been limited. This transaction demonstrates that there is robust investor appetite for financing MSR_s that are serviced by a counterparty with strong financial and operational performance. We intend to use the proceeds to support PennyMac Financial’s continued growth, including loan production activities and potential MSR acquisitions,” said Executive Chairman Stanford L. Kurland.

“Securing financing from a broad group of capital markets investors provides us with important diversification and term extension relative to our existing financing. Notably, this structure also permits us to access additional financing as our MSR portfolio grows. We are pleased to have worked in close collaboration with our key business partners to develop this structure and believe that it demonstrates PennyMac Financial’s continued industry leadership,” said President and Chief Executive Officer David A. Spector.

The secured term notes will mature on February 25, 2020 and are collateralized by Ginnie Mae mortgage servicing rights (MSR_s) and excess servicing spread (ESS) evidenced by participation certificates, which

are sold to the Trust by one of the Company's subsidiaries, PennyMac Loan Services, LLC ("PLS"), under a master repurchase agreement. The secured term notes will be issued by the Trust pursuant to the terms of a base indenture, which is further described in the Company's Current Report on Form 8-K filed December 21, 2016, and the terms of a supplemental indenture to be executed in connection with the proposed offering. PLS' obligations to the Trust under the master repurchase agreement will be guaranteed by the Company's direct controlled subsidiary, Private National Mortgage Acceptance Company, LLC.

For more information, please refer to the investor presentation available at www.ir.pennymacfinancial.com.

The secured term notes have not been and are not expected to be registered under the Securities Act or any state securities laws and, unless so registered, may not be offered or sold in the United States or to U.S. persons absent an applicable exemption from the registration requirements of the Securities Act and applicable state securities laws.

This press release does not constitute an offer to sell or the solicitation of an offer to buy any security and shall not constitute an offer, solicitation or sale of any security in any jurisdiction in which such offering, solicitation or sale would be unlawful.
